

KOGI STATE MINISTRY OF EDUCATION, SCIENCE AND TECHNOLOGY

2022-2024

MEDIUM TERM SECTOR STRATEGY (MTSS)

JUNE, 2021

PREPARED BY
MINISTRY OF EDUCATION, SCIENCE AND TECHNICAL
NO. 3, WALLACE STREET, BEHIND POST OFFICE, LOKOJA, KOGI STATE

FORWARD

The world in which we live has become increasingly knowledge based, as no meaningful development can be achieved without quality education system. Mindful of this, the State Government, under the leadership of His Excellency, Alhaji Yahaya Bello, has progressively championed reforms in Education sector, aimed at taking the sector to the level it deserves in our collective quest to break the barriers of under development. One of the key strategy designed by the State to drive education is the development of financially feasible plan anchored on the Eight Thematic areas of **Let Do More** Agenda of the State Government. Education, as a catalyst for development, has been prioritized as one of the pilot sectors for the Medium Term Sector Strategies. The MTSS is expected to feed the Annual Budget and provide the platform for the implementation of strategic education programmes that will improve the quality and quantity of education in the State. Of course, we are not where we want to be in education yet, progress is, however, being made, to improve on its quality, adequacy, affordability and accessibility to all.

The development of MTSS for the education sector was anchored by a team of technical staff, who are conversant with issues in education and was widely discussed by key stakeholders. The policies and priorities in the 3-year fiscal document went through inclusive process and represent the State Government desire to unlock the potential in the sector and usher the State into a knowledge based economy.

The sector is, however, witnessing disruptions due to the effects of COVID-19 pandemic and activities of Bandits, Gunmen and Terrorists. The school systems at all levels, primary, secondary and tertiary, have been shut down in excess of two months and there is no consensus as to when the cure for COVID-19 will be found, to pave the way for normalcy to return to the system. The effects of this on the sector is huge and may alter academic calendar, take a toll on staff emolument, particularly the private schools etc. This document, therefore, seeks to mitigate the effects of COVID-19 pandemic on our education system amongst others.

WEMI JONES

Hon. Commissioner for Education, Science and Technology,
Kogi State.

ACKNOWLEDGMENT

First and foremost, our sincere gratitude goes to His Excellency, Alhaji Yahaya Bello, the Executive Governor of Kogi State for providing inspirational leadership which renewed our hope and confidence in education sector through the Let Do More Agenda of the State Government. We are expecting the anticipated Education submit to address some of the immediate challenges facing of the sector. Furthermore, we salute the Hon. Commissioner of Education, Science and Technology as well as his Finance, Budget and Economic Planning counterpart for providing the enabling environment that facilitated the preparation of this document.

Similarly, we commend the support provided by our development partners such as the World Bank, UNICEF and other related agencies.

I would also like to acknowledge the valuable contributions of our technical team and that of the Ministry of Finance, Budget and Economic Planning as well as the other stakeholders for their tireless efforts that ensured the timely compilation of the document.

EMMANUEL IDENYI

Permanent Secretary,
Ministry of Education, Sciences and Technology.

CHAPTER 1

Introduction

1.1 Aims and Objectives of the Document

A Medium Term Sector Strategy (MTSS) is a Public Financial Management (PFM) tool that links policy, planning and annual budgets. While State policies outline the high level and long-term goals, MTSS presents costed necessary inputs and activities to deliver specific outputs in the medium term to achieve the long term big picture of State policies. Thus, MTSS is the road map that translates long term ambition to medium term reality using clearly plotted priorities, deliverables and costs.

MTSS outlines the projects and programs that will be carried out in a sector over a three-year period and answer questions like:

1. how much each programed and project will cost;
2. where the funding for the projects comes from;
3. Who will execute the projects; and
4. When to execute the projects.

MTSS forms the basis of annual budget update. This ensures consistency in planning and reduces the potential for projects to be left incomplete or in-operational due to lack of future funding.

MTSS is part of reform process for improving delivery and conception of annual budget in the State. It is part of the overall plan of Medium Term Expenditure Framework which was adopted by the State Government for its budgetary process.

This Medium Term Sector Strategy (MTSS), covering the period of 2022-2024 contains proposed activities to drive and deliver the State Development Plan agenda as captured in the NEW DIRECTION BLUEPRINT, KOSEEDS, MTEF/MYBF, let's do MORE and ANNUAL BUDGET DOCUMENT. It is within this framework that the Education, Science and Technology sector articulates it's MTSS for 2022 - 2024 aimed at accurate planning and good governance towards overall socio-economic development and prosperity of the State.

This is an activity based technique at improving strategic planning and efficiency of public expenditure. This also aims at aligning the budget proposals of MDAs to their respective sector policies, targets and goals.

The MTSS will help government Ministries, Departments and Agencies (MDAs) make the best use of Kogi State resources to deliver public services and improve the welfare of citizens. It will streamline planning and budgeting; officers are encouraged to factor in on-going and future recurrent costs of maintaining capital investments; officers have the opportunity to allocate the costs of capital investments over several years rather than one year, given that many capital projects take several years to complete. MTSS recognizes differences between sectors whilst it provides decision makers with a consistent framework for allocating sector budgets from year to year. MTSS encourages result-based planning, budgeting, monitoring and evaluation, performance driven management by shifting emphasis from input to output and outcome thereby delivering results to achieve policy goals.

1.2 Summary of the process used

MTSS development process commenced with consultations with key policy makers from the sector on the process. As part of preparatory activities, the sector planning team conducted an annual performance assessment to establish baseline to guide the development of MTSS targets and strategies for achieving its objectives.

Membership of Education Science & Technology sector team comprises of the Hon. Commissioner of Education, Science and Technology and supported by the Permanent Secretary, Directors and other management staff.

Upon the receipt of the sector's resource envelop from the resource projections of Medium Term Expenditure Framework (MTEF), the coordinating directorate of the sector invited the Sector Planning Team for a meeting to discuss the sector envelop and work out modalities of sharing proportionately the contents of the envelop to the various units of the sector. After the meeting, the Directors came up with their departmental projects for the preparation of MTSS documentation.

The Annual Sector Performance Review (ASPR) which is a vital process in the development of the Education, Science & Technology sector MTSS was conducted in the first quarter of 2021.

The overarching purpose of the ASPR is to:

1. Identify the status of interventions that had taken place in the sector in 2020 fiscal year.
2. Establish the performance status for 2020; identify the relationship between the financial investment, institutional/organizational capacity in the sector and the results.
3. Establish a performance trend on each of the outcome KPIs in the results Framework for the sector, where data are available.
4. Recommend optimal direction for realistic outcome targets in the Medium Term Development Plan and the Medium Term Sector Strategy.

This was undertaken by the sector Monitoring and Evaluation (M&E) officers with the guidance provided by the Director - M&E of Kogi State. Update information of KPIs to be provided by M&E Department in collaboration with Kogi State Bureau of Statistics. This process is vital as it tracks the Kogi State progress against planned outputs and outcome targets for the sector. The rollover process of the MTSS process is anchored on the outcome of this review.

The key steps involved the Constitution of Core Team Members on MTSS and training of team members across the State MDAs. Other activities include:

- a) Review of existing High Level Policy documents of Kogi State Government with focus on the delivery of the General Public Services sectoral goal in line with the over all State Policy Thrust such as Let's do MORE.
- b) Clearly articulates medium-term (three years) goals and programs against the background of the overall goals and the attainment of the overall policy thrust of the State.
- c) Identifying and documenting the key initiatives (i.e. projects and programs) that will be embarked upon to achieve goals and objectives as enshrined in let's do MORE Blueprint.
- d) Costing and identifying key initiatives in a clear, accountable and transparent manner.
- e) Phasing implementation of the identified initiatives over the medium-term to achieve value for money.

- f) Defining the expected outcomes of the identified initiatives in clear measurable terms (KPIs).
- g) Linking expected outcomes to their objectives and goals.
- h) Linking the expected outcomes to specific (location, LGA, village, ward).

1.3 Summary and Conclusion

The document which is Education, Science & Technology MTSS 2022-2024 is embedded with the following programmes:

- i. Girl Child Education
- ii. Scientific Research, Development and Innovation
- iii. Enhancing quality Education

With this State level goals:

- i. To enhance accessible and affordable educational services.
- ii. Application of Science and Technology innovation for the wellbeing of the citizenry
- iii. Gender Inequality

The Education Science & Technology Sector goal is stated below:

- i. Education for all.
- ii. Acquisition, application of sciences and technology contribution.

Above all, the Education Science & Technology Sector MTSS 2022-2024 is targeting the following outcomes:

- i. Improved Literacy level
- ii. Strong based economy.
- iii. Reduction of girl child illiteracy

1.4. Outline of the Structure of the Document

Kogi State Education, Science & Technology Sector MTSS 2022-2024 is structured into five chapters. Chapter one looks at the introduction with brief discussion on aims and objectives of the document, summary of the processes used, summary and conclusion and outline of the structure of the document.

Chapter two deals with The Sector and Policy in the State Education, Science & Technology Sector MTSS 2022-2024 and Kogi State policies were discussed under the following headings: a brief background of the State; a brief introduction of the Sector; current situation in the Sector; overview of the sector's institutional structure; statement of the

sector's mission, vision and core values; sector policy and sector's goals and programs.

Chapter three captures the development of sector strategy with the following sections: major strategic challenges; resource constraints; contributions from partners; program connections between Sector MDAs; outline of key strategies; justification; result framework and responsibilities and operational plan.

Chapter four summarizes the three years' expenditure projections as performance monitoring and evaluation and public involvement.

Chapter five examines sources of data against the results framework and conducting annual sector review.

CHAPTER 2

The Sector and Policy in the State

2.1 A brief background of the State

Kogi State is one of the thirty-six states that constitute the Federal Republic of Nigeria. Located in the North-Central geopolitical zone of Nigeria; the State was carved out of Benue and Kwara States on 27th August 1991. As per 1999 Constitution of Federal Republic of Nigeria, the State comprises 21 Local Government areas (239 wards), which are divided into 25 State Constituencies, grouped into 9 Federal Constituencies and 3 Senatorial Districts.

Lokoja is the capital of Kogi State. Lokoja was also the first administrative capital of modern-day Nigeria. The State is also known as the Confluence State as this is where the Rivers Niger and Benue merged as one.

The State covers an area of 28,312.6 sq km sharing boundaries with nine States and FCT as follows: -

Northern Boundary: Niger, Nassarawa and FCT.

Western Boundary: Kwara, Ekiti, Ondo, and Edo.

Eastern Boundary: Benue, Anambra and Enugu.

Kogi State is structured into 21 Local Government Areas and it comprises three major ethnic groups i.e. Igala, Ebira/Egbura and Okun (Yoruba) other minor groups include - BassaKwomu, BassaNge, Kakanda, Kupa, Ogori/Magongo, Nupe, Oworo, Gwari etc.

Climate

Kogi State has an average maximum temperature of 33.2°C and average minimum of 22.8°C. Lokoja, the State capital is generally hot throughout the year. The State has two distinct weathers, the dry season, which lasts from November to March and rainy season that last from April to October. Annual rainfall ranges from 1,016mm to 1,524mm. The vegetation of the State consists of mixed leguminous (guinea) woodland to forest savannah. Wide expanse of FADAMA in the river basin and long stretches of tropical forest in the Western and Southern belts of the State.

Demography

Kogi State has a total land area of 28,313.53 square kilometers and a projected population of 4.5 million people (2016 on line/Internet). It lies on latitude 7.49° N and longitude 6.45° E with a geological feature depicting young sedimentary rocks and alluvium along the riverbeds, which promotes agricultural activities. The State features ferrasols soil type and famous hills like Ososo hills, which spread from Edo State to the western part of Kogi State and Aporo hill on the eastern part. Another famous mountain is Mount Patti, which lies in Lokoja and stands at about 1500 meters above sea level.

Local Government Areas

The headquarters of the Local Government Areas serve as important traditional, cultural and market center's in their localities. The Local Governments are; Adavi, Ajaokuta, Ankpa, Bassa, Dekina, Ibaji, Idah, Igalamela/Odolu, Ijumu, Kabba/Bunu, Kogi /Kotonkarfe, Lokoja, Mopa-Muro, Ofu, Ogori/Magongo, Okene, Okehi, Olamaboro, Omala, Yagba-East, Yagba-West.

Agriculture, Forestry and other Bush Activities: Kogi State has extensive arable land for cultivation, with good grazing grounds for livestock breeding and large water bodies for fishing. Crops cultivated include yam, cassava, maize, guinea corn and groundnut. Rice production is encouraged in the flood plains of the rivers, while coffee, cocoa, orange and cashew nuts are produced in Ijumu, Kabba/Bunu and Dekina LGAs. Farmers are engaged in share cropping schemes at Iyagu, Alade and Adikena. Palm plantations are being rehabilitated and a standard agricultural mechanical workshop is being constructed for the maintenance of machinery.

The Kogi State Agricultural Development Project was established with an initial investment capital of N144 million to be drawn from a World Bank loan. This was done to improve 300 kilometers of rural roads, provide fifty points of potable water and distribute 50 tons of various farm inputs. Much emphasis has been placed on agriculture with substantial lumbering and saw milling carried out in the forest areas of the state (e.g Ijumu and Kabba/Bunu LGAs).

Exotic plants such as teak (*tectonagrandis*) and pulp wood are being planted in different parts of the State. Other basic economic activities include the unincorporated private sector with farmers, fishermen, artisans and people in other activities such as mechanics,

vulcanizers, electricians, carpenters, bricklayers, plumbers and traders.

Mineral Resources: Kogi State is rich in mineral resources. Most of these minerals are available in commercial quantities and these include coal at KotonKarfe, Okaba and Ogboyaga; limestone and marble at Jakura, , Ajaokuta, Osara, Ekinrin-Adde and Itobe; kaolin at Agbaja and iron ore at Agbaja plateau and Itakpe hills. It is worthy of note here to highlight that out of the seven (7) mineral resources of focus by Nigeria in the effort towards diversification, three (3) of them are available in Kogi State in commercial quantities. These are Iron Ore, Limestone and Coal.

Coal was mined in Kogi State during the Nigerian civil war; limestone and marble are exploited at Jakura. Other minerals include feldspar at Okene and Osara; clay, cassiterite, columbite and tantalite at Egbe; gold at Isanlu, gems, quartz, mica and crude oil at Idah. At the present time however, attention is being given commencement of exploitation of Coal in Kogi East by Dangote group. The Federal Government has started giving the exploitation of Itakpe Iron Ore attention. For years now the limestone had continued to be exploited by Dangote into cement manufacturing.

Industrial Development: The available resource are; land, water, minerals, agriculture and Forestry, Hydro power and electricity power Ajaokuta iron and steel and Tertiary educational institutions in the State are potential sources of input for industrialization, if properly developed and maintained. There were sixteen industrial establishments operating in the State in 1992. Development of the Ajaokuta Steel Company will lead to springing up of upstream and downstream industries in Kogi State.

The Itakpe Iron Ore Mining Company and the Ajaokuta Steel Company, both of which could generate subsidiary industries such as iron and steel, foundries, cement plant, tar installation plant, carbon black and carbon graphic electrodes, industry light forging, metal fabrication and agricultural tools and implements industries.

Development Potentials: Kogi State's endowment of natural resources include land, water, mineral and forest resources. The vast land area of the State provides adequate opportunity for the location of various types of industrial and

other economic activities.

The water resources of Rivers Niger and Benue and their several tributaries could provide ample water supply for people, animals and various industries when fully harnessed. The confluence of Rivers Niger and Benue could be an important source of tourist attraction. Fishery could be developed on a large scale with allied fishery industries.

The waterfalls at Osomi, Ogugu and Ofejiji are potential sources of hydro-electricity. The water from the rivers could support large irrigation schemes for raising various crops. The forests provide wood for timber and fuel.

Local Sourcing of Raw Materials: Agricultural products such as grains (maize, guinea corn, rice and others), root crops (yam, cassava and Groundnuts), Other crops like beans, soya beans, cocoa and coffee provide the needed raw materials for cereals, flour beverages and other food processing industries. Livestock and fisheries could provide raw materials for meat and fish canning industries.

The forest has the potential to provide wood for plywood and other wood related industries to produce such items as toothpicks, matches and other household utensils while foliage and minerals are sources of raw materials for chemical and pharmaceutical industries. Mineral resources in the State can provide immense local sources of raw materials for the manufacture of various products.

Coal and iron ore provide raw materials for the iron and steel industry and for the manufacture of machinery, alloys, oxides, tools, rails, linoleum and fillers. Coal also provides raw material for making ammonia, tar, cyanide, explosives and organic compounds. Limestone and marble at Jakura, Oshokoshoko, Ajaokuta, Osara, Ekinrin-Adde and Itobe are raw materials for making cement, glass, lime, ceramics, carbon dioxide, ethylene, caustic soda, carbide, paint, floor slabs, terrazzo chips and building stones amongst others. Feldspar from Osara, Okene, Okoloke and Egbe and clay obtained in many parts of the LGAS of the state could supply the needed raw materials for glass, ceramics and pottery. Kaolin from Agbaja is an important raw material for chalk making, paint, kaolin poultice and Plaster of Paris (POP).

Cassiterite, columbite and tantalite from Egbe are used for tin coating and alloys while talc and mica from Isanlu, Ogbom and Mopa could supply the raw materials for ceramics, paints and electrical equipment. Gold from Isanlu in Yagba East LGA, gems and ornamental stones from Lokoja, quartz from Okene, Okehi, Okoloke and Egbe and crude petroleum from Ibaji are other important minerals in the state.

2.2 A brief introduction of the Sector

Ministry of Education was created along with the creation of Kogi State in 1991. The defunct Ministry of Science and Technology was merged with Ministry of Education to form the present Ministry of Education Science and Technology, in 2016. It has the staff strength of two hundred and sixty-five (195).

The Educational Policy of the State is guided by certain laws usually derived from Nigeria's national Policy on Education (NPE), Public Education Edit of 1974, SUBEB Edict of 1994, Post Primary School Management Board Edit of 1996.

Education is the State's main social industry. It is the vehicle by which economically and socially marginalized citizens can lift themselves out of poverty and obtain the means to participate fully in their state and globally. Inherently, education is recognized as one of the best investments states can provide due to its vital role of empowering the citizens, safeguarding children from exploitation, promoting human rights, protecting the environment and controlling population growth. Each of the 21 Local Governments in the state has primary institutions. Institutions of higher learning in the State include:

A. STATE OWNED INSTITUTIONS:

- Kogi State University, Ayingba,
- Kogi State Polytechnic, Lokoja,
- College of Education, Ankpa,
- College of Education (Technical), Kabba,
- School of Health Technology, Idah,
- School of Nursing, Obangede,
- School of Mid-wifery, Egbe,
- Nigeria-Korea Friendship Institute, LOKOJA
- CUSTECH Confluence state university of science And technology

B. FEDERAL INSTITUTIONS:

- Federal University, Lokoja;
- National Open University, Lokoja
- Federal Polytechnic, Idah;
- Federal College of Education, Okene;
- College of Agriculture, Kabba;

PRIVATE INSTITUTIONS:

- Salem University, Lokoja;
- Prime Polytechnic, Gidda Bassa,

The mandate of Ministry of Education Science and Technology are:

- ✓ Provision of quantitative and qualitative education
- ✓ Formulation, interpretation and implementation of educational policies
- ✓ Oversees and supervises institutions, Parastatals and agencies under its jurisdiction

The Ministry of Education, Science and Technology evolves policies and programs for educational development and improved educational services. It has ensured this through robust policies and annual budgets to fulfill the overarching policy goal of Government which is 'Eradication of illiteracy and Sustainable Human Development along side with capacity Building.

Accordingly, the Ministry operates eight (9) professional/ technical departments namely:

- 1.Planning, Research and Statistics,
- 2.Administration,
- 3.Quality Assurance,
- 4.Tertiary and Continuing Education,
5. Basic and Secondary Education
- 6.Education Support Services,
- 7.Sciences and Technology,
- 8.Examination Admission and Certification,
- 9.Account and Finance

The Ministry also supervises some Agencies and Parastatals namely: State Universal Basic Education Board (SUBEB), Science Technical Education and, Teaching Services

Commission, (STETSCOM), Adult and Non Formal Education (AANFE), State Scholarship Board, Library Board and oversees some development partners support projects. The Institution oversees by the sector includes: Kogi State University Anyigba, College of Education, Ankpa, College of Education Technical kabba, Kogi State Polytechnics and Nigeria-Korea Friendship Institute. Permanent Secretary

2.3 The current situation in the Sector

The importance of Education to transform people's lives cannot be over emphasized. We believe that with the right type of Education, society can be transformed, moving the people from the bottom to the pinnacle of their aspirations. Government is therefore prioritizing investment in Education to deliver rapid and sustainable improvements in the society. We have therefore taken note of our educational sector from primary to tertiary level which will in turn lead to our collective prosperity.

The State Education Inspectorate Division (quality assurance) is charged with the responsibility of maintaining quality in education service delivery in all the sub-sectors of education. However, poor capacity of the inspectors, supervisors and education officers on quality Assurance maintenance has not enabled the unit to deliver quality education. The State's education still experiences unqualified personnel at all levels, e.g over 77% of caregivers in Early Child Care and Development (ECCD) Centre's, 11.3% in public and 35.2% in private primary schools, 2% in public Junior Secondary Schools, 10% in private Junior Secondary Schools, 1% in public senior secondary schools, 26.8% in private senior secondary schools are unqualified. Majority of the teachers have too low a capacity to deliver quality education due to low opportunities for capacity building. There is poor standardized and uniform quality assurance reporting mechanism in the inspectorate department to ensure qualitative education. There is poor monitoring, supervision and inspection of schools due to poor logistics, low motivation of schools monitoring officers. Basic teaching/learning resources are very inadequate in all schools.

Furthermore, the department of Administration handles recruitment, promotion, transfer, discipline general welfare of staffers,
In addition, Account and finance department handles payments of salaries and wages, collection of revenues, payments of purchases and supply including maintenance of motor vehicle.

Also, Basic Education Department is in charge of Establishment, supervision and monitoring of private schools, basic and secondary Education. In addition, Tertiary & Continuing Education Department liaise with higher institutions, attend Boards and council meetings, supervises Agency for formal & non - formal education and supervises State Scholarship Board.

The Department of Examination Admission & Certification conducts Basic Education Certificate Examination (BECE) and releases their result. Facilitates WAEC/ NECO Senior Examination collates and analyses the result.

Planning, Research and Statistics supervises implementation of projects, prepares budget, carries out annual school census and other statistical assignment and embarks on research as required.

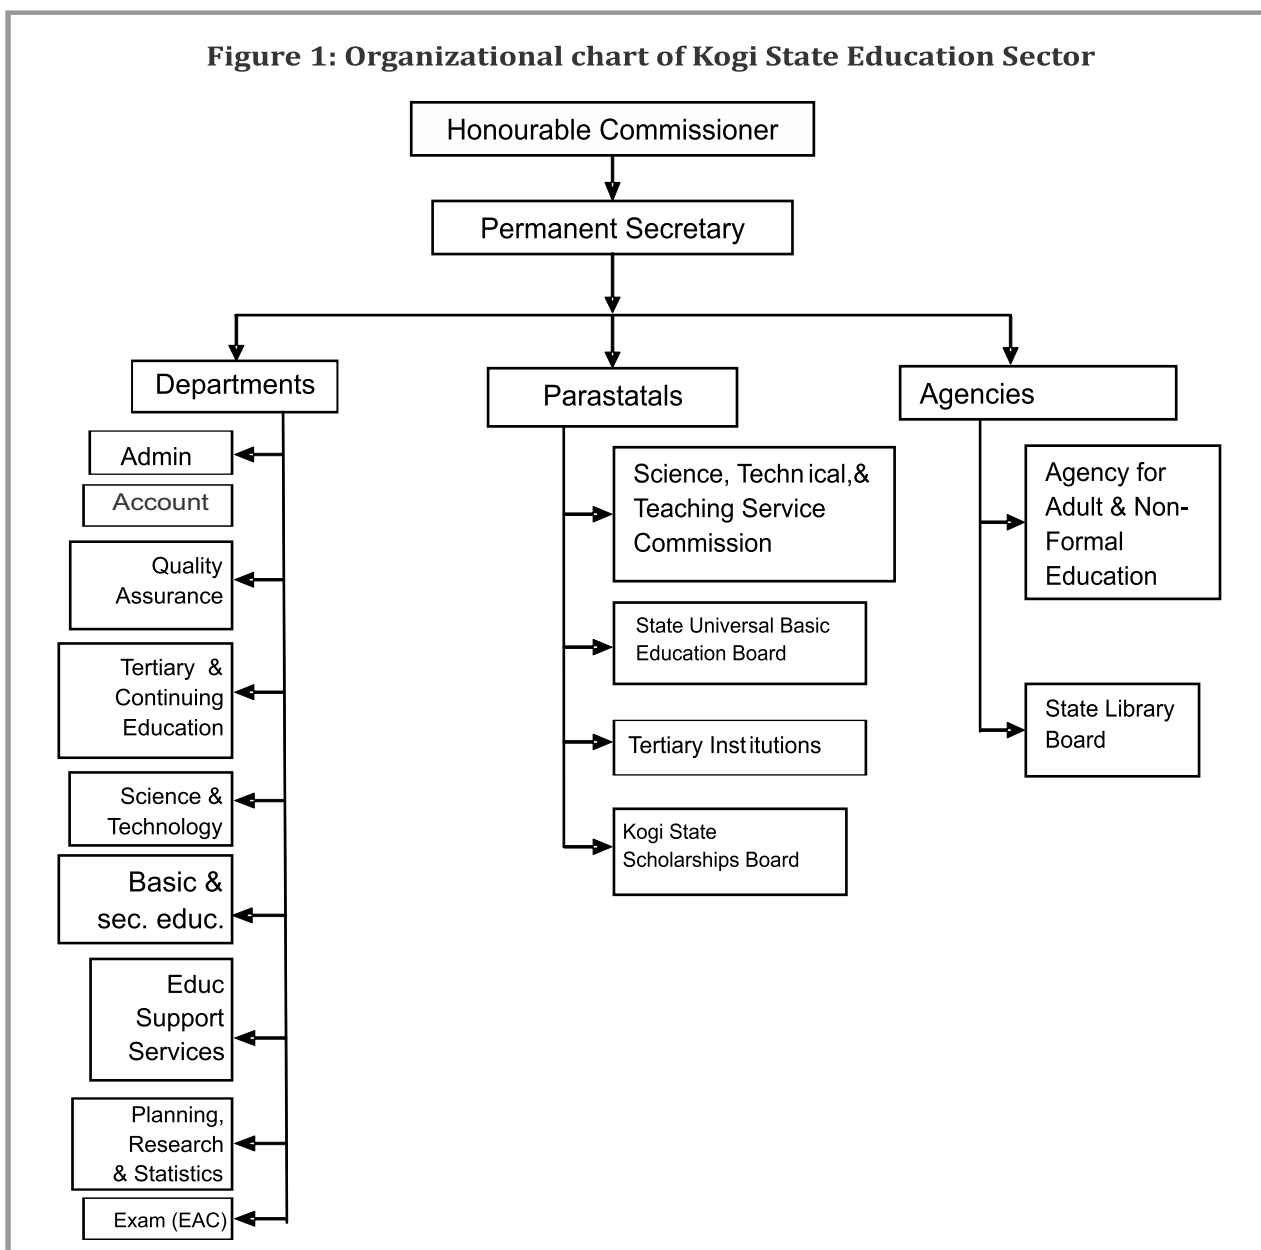

However, the Directorate of Sciences and Technology works hand in hand with STETCOM and organizes JETS; Ensures provision of science equipment to science and technical schools ensures that N.B.T.E approved courses for Science & Technical schools; ensures that all government policies on National Council on Education are implemented. And also carried out research and development that can improve invention and innovation. The Department contributed in the following areas;

Provision of information and communication technology (ICT) facilities Provision of hand sanitizers during the outbreak of Ebola to prevent the diseases and other infection Build mechanical workshop at the technology incubation center, Lokoja in collaboration with Federal Ministry of Sciences and Technology.

2.4 Overview of the sector's institutional structure

The State Ministry of Education, Science and Technology (MOEST) has the primary responsibility of initiating educational policies, plans and their implementations. It is also saddled with the additional responsibility of controlling, funding and managing of all public schools and overseeing the conduct of private schools to ensure compliance with laid down policies and regulations. It also supervises and monitors all Parastatals and Agencies under it. The linkages between the Ministry and its Parastatals are best appreciated in the organogram below

Figure 1: Organizational chart of Kogi State Education Sector

The organizational structure shows the Honourable Commissioner as the Head of the organization. All the rest of the MDAs are to report to the Commissioner who takes final decision on all matters. The Commissioner is the only person that represents the sector at the State Executive Council (EXCO) meetings.

2.5 STATEMENT OF THE SECTOR'S MISSION, VISION AND CORE VALUES

2.5.1 Mission:

“To enhance accessible and affordable educational services for all tiers”

2.5.2 Vision:

The vision for Ministry of Education, Science and Technology (MOEST) is: “Quality education for all”

Education is critical for promoting Sustainable Development Goals. Both formal and non-formal education is indispensable to changing people's attitudes so that they have the capacity to assess and address their sustainable development concerns. It is also critical for achieving environmental and ethical awareness, values and attitudes, skills and behaviour consistent with sustainable development and for effective public participation in decision making. Major progress has been made towards increasing access to education at all level and increasing enrolment rates in schools particularly for all.

2.5.3 CORE VALUE

- Efficiency
- Integrity
- Dynamism
- Teamwork

Operational definition of core values of Ministry of Education, Science and Technology (MOEST)			
Value	Definition	Example of Behaviour	Strategy Implication
Efficiency	The quality of doing work well with no waste of time, energy and financial recourses.	Prudent in human and financial resources in education.	Accuracy in data processing and annual school census.
Integrity	Steadfastness in adhering to ethical principles	Consistency in dealing with education pace without compromise.	Provision of regular enlightenment/awareness programed to staff and student
Dynamism	Continuous reform process.	Full of initiatives and exciting ideas.	Recognition of vigour and education research in the conduct of staff and student for the apex result
Teamwork	Loyalty that exist among them member of staff to achieve organizational goals.	Cooperation, interdependence	Timely delivery of output Exhibition of synergy for improved education.

2.6 Sector Policy

The focus of policy of education is to continue to improve the quality of education at all levels to citizens to produce articulate and skilled manpower necessary for economic transformation of the state. Over the Blueprint period, the learning needs of all segments of society will be met through equitable access to appropriate Information, Communication Technology (ICT) skills, learning Centre's of excellence and life skills programs. Increased literacy rate, improved quality of basic (primary and junior secondary school) education; reduced girl- child school drop-out rate; Increased quality of science, technical and vocational education and Increased ICT skills and knowledge.

2.7 The sector's goals and programmes for the MTSS period

This is a summary of how the goals developed for the Sector over the medium term relate to the overall goals set at the level of Kogi State as contained in the New Direction Blueprint. This is a way of demonstrating that the Sector Strategy contains specific means of achieving or contributing to the achievement of relevant high level Policy Statements of Kogi State.

Table 1: Summary of State Level Goals, Sector Level Goals, Programmes and Outcomes

State Level Goals	Sector Level Goal	Programs	Outcomes
To enhance accessible and affordable educational services	Education for all	Enhancing quality Education	Improved Literacy level
Application of Science and Technology innovation for the wellbeing of the citizenry	Acquisition, application of sciences and technology contribution.	Scientific research, development and innovation.	Strong based economy.
Gender Inequality	Gender Inequality	Girl Child Education	Reduction of girl child illiteracy

Table 2: Goals, programmes and outcome deliverables

Sector Level Goal	Programs	Outcome Deliverables	KPI of Outcomes	Baseline (i.e. Value of Outcome in 2020)	Outcome Target		
					2022	2023	2024
Education for all	Enhancing quality Education	Improved Literacy level	Increased percentage(%) of people that can read and write	60% Increased percentage (%) of people that can read and write	70% Increased percentage (%) of people that can read and write	85% Increased percentage (%) of people that can read and write	90% Increased percentage (%) of people that can read and write
			5 credit including Math's & English.	55% of students get 5 credit including Math's & Eng.	60% of students get 5 credit including Math's & Eng.	75% of students get 5 credit including Math's & Eng.	85% of students get 5 credit including Math's & Eng.
Acquisition, application of sciences and technology contribution.	Scientific research, development and innovation.	Strong based economy	Skills acquired	50% of skills acquired& job created.	65% of skills acquired & job created	70% of skills acquired & job created	85% of skills acquired & job created

CHAPTER 3

The Development of Sector Strategy

3.1 Major Strategic Challenges

Kogi State Ministry of Education, Science and Technology pursues vehemently crucial role of formulating policies that ensures quality assurance standards and education for effective service delivery. The sector oversees the implementation of these policies for qualitative and quantitative education for all. The overall imparts is in manpower development in Basic and Tertiary education.

The issues that should be addressed as the sector articulates its medium term strategies include the following:

- Inadequate teachers to carry out teaching and learning effectively and efficiently in the schools.
- Inadequate office accommodation in Ministry of Education, Science and Technology headquarter and Zonal Offices.
- Dilapidated structures of schools across the State.
- Need for more training for teachers and staff to enhance capacity building.
- Lack and inadequate working tools to enhance productivity of staff such as example laptop, Printer, scanner etc.
- Lack of laboratories and facilities for research work.
- To prevent the spread and transmission of COVID-19 and related diseases among learners, teachers, parents and school community
- To minimize the impact of school closure.

3.2 Resource Constraints

Public funding of the Ministry of Education, Science and Technology sector over the years has not been sufficient, exacerbated by inadequate performance of actual to budgeted resources.

Highlights of Budget Performance for year 2020 are as follows-

A. REVENUE		
Approved Revenue Estimates 2020	Actual Collection 2020	%performance
2,772,222,727.00	1,423,424,562.50	51.3%
B. RECURRENT EXPENDITURES		
Approved Estimates 2020	Actual Expenditure 2020	%performance
15,926,971,606.00	10,216,760,234.67	64.1%
C. CAPITAL EXPENDITURES		
Approved Estimates 2020	Actual Expenditure 2020	%performance
3,960,711,709.00	2,810,902,963.00	70.97%

Table 3: Summary of 2020 Budget Data for the Sector

Item	Revised Budget (N) in 2020	Amount Released (N) in 2020	Actual Expenditure (N) 2020	Amount Released as % of Approved 2020	Actual Expenditure as % of Releases 2020
Personnel	12,237,284,444.00	7,796,502,169.00	7,796,502,169.00	63.71%	100%
Overhead	3,689,687,162.00	2,420,258,065.67	2,420,258,065.67	66.60%	100%
Capital	3,960,711,709.00	2,810,902,963.00	2,810,902,963.00	70.97	100%
Total	19,887,683,315	13,027,663,197.60	13,027,663,197.60	60.50%	100%

Table 4: Summary of 2021 Budget Data for the Sector

Item	Approved Budget (N) in 2021	Amount Released (N) as at end March 2021	Actual Expenditure (N) as at end March 2021	Amount Released as % of Approved	Actual Expenditure as % of Releases
Personnel	11,815,200,173.00	2,796,762,064.05	2,796,762,064.05	23.67%	100%
Overhead	7,129,710,258.00	1,448,804,475.94	1,448,804,475.94	20.32%	100%
Capital	9,230,277,315.00	1,501,314,530.05	1,501,314,530.05	16.27	100%
Total	28,175,187,746	5,746,881,070.04	5,746,881,070.04	20.39%	100%

Table 5: Summary of the Review of Ongoing and Existing Projects Scorecard (Ranked by Average score for Ongoing and Existing Projects and by Final Score for New Projects)

S/N	Project Title	Criterion 1	Criterion 2	Criterion 3	Criterion 4	Criterion 5	Average / Final Score	Rank	Justification
Ongoing and Existing Projects									
1.	1% Educational Development Fund Project	1	2	1	1	2	1.4	56	Important
2.	Accreditation of All Courses at COE Technical Kabba	2	1	3	4	1	2.2	10	Important
3.	Accreditation of Courses at KSU, Anyigba	2	2	1	1	3	1.8	36	Important
4.	Accreditation of Courses in College of Education (COE), Ankpa	1	2	4	2	3	2.4	2	Important
5.	Accreditation of Courses in Kogi Polytechnic, Lokoja.	1	1	1	2	3	1.6	45	Important
6.	Accreditation of Technical Schools Courses (Ankpa, Idah, Oboroke and Mopa)	1	1	1	2	2	1.4	56	Important
7.	Bio-Tech Production Projects (Soap, Hand Sanitizer etc)	1	1	1	3	3	1.8	36	Important
8.	College of Education (Technical), Kabba Project	1	2	1	2	3	1.8	36	Important
9.	Computerization in 21 Centers	3	3	2	2	2	2.4	2	Important
10.	Connection of NKFI Electricity to National Grade	3	2	3	1	2	2.2	10	Important
11.	Construction and Equipping of ICT Laboratory Block	1	2	1	2	2	1.6	45	Important

12.	Construction of 2 Blocks of Hostel at Nigeria Korea Institute	1	2	2	2	2	1.8	36	Important
13.	Construction of additional office complex for Ministry of Education and Renovation of upstairs block.	1	2	4	2	3	2.4	2	Important
14.	Construction of Administration Block at Nigeria Korea Friendship Institute	1	2	2	2	3	2	16	Important
15.	Construction of Block of Clinic at Nigeria Korea Institute	1	2	4	2	3	2.4	2	Important
16.	Construction of Headquarter and 21 Offices for Quality Assurance and furnishing	3	3	2	2	2	2.4	2	Important
17.	Construction of Lecture Hall at Nigeria-Korea friendship Institute	1	2	1	2	2	1.6	45	Important
18.	Construction OF Lecture Halls & Theaters	1	2	1	1	2	1.4	56	Important
19.	Construction of Library Block at Nigeria Korea Institute	1	1	1	1	2	1.2	62	Important
20.	Construction of Perimeter Fencing for Nigeria-Korea friendship Institute	1	2	2	2	3	2	16	Important
21.	Construction of VIP Toilets and Sanitation (COVID-19 Response)	1	2	2	3	2	2	16	Important
22.	Construction/Equipping of Admin. Block (CUSTECH)	1	1	2	2	2	1.6	45	Important

23.	Construction/Equipping of College of Medicine, Faculty of Engineering, Senate Building and Faculty of Computing and Information Technology (Custech)	2	3	1	2	3	2.2	10	Important
24.	Construction/Equipping of Laboratories for Engineering Courses in Kogi State Polytechnic, Lokoja	1	1	1	1	2	1.2	62	Important
25.	Construction/Equipping of University Clinic (CUSTECH)	1	2	1	2	2	1.6	45	Important
26.	Construction/Equipping of University Library (CUSTECH)	1	1	1	2	2	1.4	56	Important
27.	Construction/Equipping Staff Quarters (CUSTECH)	1	2	2	2	3	2	16	Important
28.	Construction/Maintenance of Student Hotels (CUSTECH)	1	2	3	2	3	2.2	10	Important
29.	Construction/Maintenance of Student Hotels (KSU)	1	2	1	2	2	1.6	45	Important
30.	Development of Consultancy Complex	3	2	1	2	2	2	16	Important
31.	Disfectant of Schools, Water Supply Advocacy on Back-to-School (COVID-19 Response)	1	1	2	1	2	1.4	56	Important
32.	Education for All/SDG4	1	2	1	2	3	1.8	36	Important
33.	Education Management Information System (NEMIS) MOE Headquarters	1	2	2	2	3	2	16	Important

34.	Education Resource Centre	3	3	2	2	2	2.4	2	Important
35.	Education Sector Analysis Development/Review of State Ministrial Strategic Plan	1	2	1	1	2	1.4	56	Important
36.	E-Learning Programme (COVID- 19 Palliative for Students in JSS 3 and SSS3)	1	2	2	2	3	2	16	Important
37.	Establishment Ejegbo Community Secondary School	1	1	2	2	2	1.6	45	Important
38.	Establishment of School Base Committeein 285 Grant Aided Secondary Schools	1	2	2	2	2	1.8	36	Important
39.	Establishment of School of Agricultural Engineering	1	2	2	2	3	2	16	Important
40.	Establishment of Science & Technology Development Projects	1	2	2	2	3	2	16	Important
41.	Establishment of University of Science and Technology, Osara	3	3	4	3	3	3.2	1	Important
42.	Expansion of Facilities at College of Education, Ankpa	1	2	2	2	3	2	16	Important
43.	Girls Child Education in UBE/Post Basic	1	2	2	2	3	2	16	Important
44.	Government Intervention on ICT Park/Hub (SIP)	1	2	2	2	3	2	16	Important
45.	Government Intervention on Payment of WAEC Fees, JAMB/Scholarship (SIP)	1	1	2	2	2	1.6	45	Important

46.	Government Intervention on Science, e-Library, CBT Centres (SIP)	1	1	2	2	3	1.8	36	Important
47.	Inclusive Education (Learners with Special Needs)	1	2	3	2	3	2.2	10	Important
48.	Infrared Thermometer for Temperature Ready (COVID -19 Response)	1	2	2	2	3	2	16	Important
49.	Kogi State University perimeter fencing	1	2	2	2	3	2	16	Important
50.	Kogi Wide Academic Excellence Competition (4th Edition)	1	2	2	2	3	2	16	Important
51.	Maths Improvement Project (GCCC)	1	2	2	2	3	2	16	Important
52.	Preparation of School Lands for Agriculture and Agricultural Vocational courses	1	2	1	2	3	1.8	36	Important
53.	Provision of Additional Structures/Perimeter Fencing/Pedestrian Bridge and Maintenance of existing Ones at the Kogi State Polytechnic Lokoja Projects including Purchase of Vehicles	1	2	2	2	3	2	16	Important
54.	Provision of Curriculum and Teaching Aids for Mass Literacy	1	2	1	2	2	1.6	45	Important
55.	Provision of Equal Access to Quality Education (ECCDE/BASIC)	2	2	2	2	2	2	16	Important

56.	Provision of Learning Infrastructure in public schools	2	2	1	2	3	2	16	Important
57.	Provision of Motorcycles for 21 Area Evaluators (Inspectors) in 21 LGAs	2	3	2	2	3	2.4	2	Important
58.	Provision of Vocational Skills Equipment to 21 LGAs Skill Centres for Youths and Adult Education	2	2	3	2	3	2.4	2	Important
59.	Provision of Water Facilities (CUSTECH)	2	2	2	2	2	2	16	Important
60.	Purchase of Library Books and Equipment	2	2	2	2	3	2.2	10	Important
61.	Purchase of Official Vehicles for Principal Officer	1	2	1	2	2	1.6	45	Important
62.	Purchase of Vehicles for Ministries/Depts.	1	2	2	2	2	1.8	36	Important
63.	Reduction of out of School Children Rate from 60% to 45% Programme	1	1	2	2	2	1.6	45	Important
64.	Renovation Community Secondary School Agassa and Two Others	1	2	1	2	2	1.6	45	Important
65.	Renovation of Abdulaziz Atta Memorial School, Okene	2	2	2	2	2	2	16	Important
66.	Renovation of community Secondary Olowa and Others	2	2	1	2	3	2	16	Important
67.	Renovation of GSS Ogaminana, Adavi	2	3	2	2	3	2.4	2	Important

68.	Renovation of Okene Secondary School	2	2	3	2	3	2.4	2	Important
69.	Renovation of School Buildings, (Primary & Post Primary) SUBEB	2	2	2	2	2	2	16	Important
70.	Renovation of State Library Complex/Provision of Readers Infrastructure and Books	2	2	2	2	3	2.2	10	Important
71.	Renovation of University Guest House	1	2	1	2	2	1.6	45	Important
72.	Renovation/Expansion of University Clinic	1	2	2	2	2	1.8	36	Important
73.	Renovation/Rehabilitation of Schools and Perimeter Fencing Across the State (All LGA)	1	2	1	2	2	1.6	45	Important
74.	Renovation/Remodelling of Secondary Schools Across the State	2	2	2	2	2	2	16	Important
75.	Renovations and Expansion of Learning Environment in 42 Schools 2 per LGA (GYB Lagacy/Model School Projects)	2	2	1	2	3	2	16	Important
76.	Restructuring of the general store at the Ministry of Education, Science and Technology Headquarter.	2	3	2	2	3	2.4	2	Important
77.	Road Construction/Rehabilitation(KSU Internal Roads)	2	2	3	2	3	2.4	2	Important

78.	Scholarship for Teachers in Trainning/Medicine Students Farmed Out in Other University	2	2	2	2	2	2	16	Important
79.	Special Education (leaners with special need)	2	2	2	2	3	2.2	10	Important
80.	Sport Development and Competitions in Schools	1	2	1	2	2	1.6	45	Important
81.	Staff Trainig	1	2	2	2	2	1.8	36	Important
82.	State Education Summit and Sector Plan (SESP)	1	1	2	2	2	1.6	45	Important
83.	State Subsidy for State Examination: Basic 6 Evaluation Examination	1	2	1	2	2	1.6	45	Important
84.	Strengthening of Guardian and Counselling Centres in Schools	2	2	2	2	2	2	16	Important
85.	Student Financing (Bursary Award)	2	2	1	2	3	2	16	Important
86.	Supply of Customized Text Books to Schools (MOEHQ) including Instructional Materials	2	3	2	2	3	2.4	2	Important
87.	Supply of Science, Technical and Vocational Equipment to 21 Government Science and Technical Colleges and 21 Government Schools in 21 LGA.	2	2	3	2	3	2.4	2	Important
88.	Upgrading of Existing Technical Schools (Ankpa, Idah, Oboroke and Mopa)	2	2	2	2	2	2	16	Important

89.	Upgrading of Science Laboratory in all Special Science Secondary Schools	2	2	2	2	3	2.2	10	Important
NEW Project									
90.	Establishment of egegbo community secondary school	NA	NA	NA	NA	4	3	4	Important

Criterion 1= Evidence that the Existing Projects are indeed Ongoing

Criterion 2= Clarity of Current Justification for Budget Commitment

Criterion 3= Current Impact of Budget Commitment

Criterion 4= Likelihood of Completion in 2021 - 2023 Timeframe.

Criterion 5= Relation to the Sector's goals

Table 6: Capital Costs Commitments

S/N	Project Title	Status of Completion	Contract Sum (N)	Amount Paid to Date (N)	Outstanding Commitment (N)

3.4 Program connections between Sector MDAs

Parastatals under the Ministry of Education, Science and Technology sector include: State Universal Basic Education Board (SUBEB), Science, Technical Education and Teaching Services Commission (STETCOM), State Library Board (SLB), Adult and Non Formal Education (AANFE), and Tertiary Institution. As the supervising and coordinating authority on Education matters, the Ministry of Education, Science and Technology is responsible for setting out the policy and strategic direction for the sector while the parastatals are responsible for the implementation of Programed of strategic activities.

With the MTSS strategies defined, the sector team developed capital and recurrent activities for the implementation of the medium term plan. As specified above, a number of capital projects are currently ongoing and were accorded high priority in the MTSS for 2022 -2024. It is anticipated that recurrent costs for sustaining these projects would be factored into subsequent cycles of the MTSS. This would include human resource, maintenance of infrastructure and vehicles, procurement of office consumables and IT supplies.

3.5 Outline of Key Strategies

Table 11: Summary of Projects' Expenditures and Output Measures

Programmed	Project / Activity Title	Amount Spent on The Project So Far (N)	Budgeted Expenditure / Cost (N)			Output	Output KPI	Base Line (i.e. Output Value in 2020)	Output Target			MTSS Activity Code	MDA Responsible

3.6 Justification

The priorities and policies that informed the Ministry's 2021- 2023 revised document were premised on high impact interventions for the achievement of the revised sector goals.

Following the conduct of the research leading to the formation of Medium Term Sector Strategies and the focus on the good governance as a major economic alternative to leveraging governance, the sector team engaged the selection process with the view to ensuring that the identified strategies to be implemented are well aligned with the goals and objectives of the medium term plan derived from the State Development Plan and New Direction Blueprint/Let's do MORE. The selection process is based on the following criteria.

Criterion 1: Evidence that the Existing Projects are indeed Ongoing

Score	Does the budget commitment correspond to an ongoing project?
4	Abundant and convincing evidence that project is ongoing (e.g. ExCo approvals; contract awards; details of contractor(s); detailed project work plan with deliverables, milestones and targets; engineering designs; cost revisions; contract variations; implementation progress reports; etc.)
3	Sufficient and convincing evidence that project is ongoing.
2	Some evidence or moderate evidence that project is ongoing.
1	No substantial evidence that project is ongoing.

Criterion 2: Clarity of Current Justification for Budget Commitment

Score	How well can the Sector account for the level of funds currently allocated to that Budget Commitment?
4	Very Well - All cost components can be clearly identified and a strong argument presented for all costs
3	Well - The cost components can be clearly identified, although not all can be fully justified as necessary
2	Moderately - Some but not all of the cost components can be identified, with limited justification
1	Not at all - The cost components can be neither identified nor can these be justified.

**Criterion 3: Current Impact of Budget Commitment**

Score	What are the Tangible Positive Impacts of the Budget Commitment?
4	Abundant and convincing evidence of substantial positive impact from existing commitment
3	Sufficient and convincing evidence of moderate positive impact
2	Some evidence of moderate positive impact
1	No substantial evidence of positive impact

Criterion 4: Likelihood of Completion in 2022 - 2024 Timeframe

Score	How well can the MDA justify that the current budget commitment and planned future spending will complete the project, and run the project post completion? This should be based on the contract awarded and the data collected.
4	All evidence suggests that the project will be completed with the budgeted funds and that future running costs have been fully taken into account
3	MDA can show that the project is likely to be completed with budgeted funds and future running costs have been adequately considered
2	MDA can show that budgeted funds will allow for substantial progress but not completion and future running costs can be identified
1	Not at all - allocated funds will not allow for substantial progress nor can future running costs be adequately identified

Criterion 5: Relation to the Sector's goals

Score	How critical is this project to the achievement of the Sector's goals under the Vision 20:2020, Kogi SEEDS or other Policies, etc?
4	Vital - Goal cannot be achieved otherwise
3	Important - This project will make a substantial and measurable contribution to achieving the goal
2	Moderately - This project will make some contribution to achieving the goal
1	Limited - the project will make no significant contribution to achieving the goal

Secondly, that the selected strategies are capable of delivering verifiable results within the limited resources allocated and in the shortest possible time. The current approach is a remarkable departure from the previous experience where annual budgets were developed without recourse to the desired impact of those expenditure but on the arbitrary allocation of resources on budget-lined items.

With the MTSS approach, which is result-based budget all costs interventions are linked to the achievement of the MTSS outputs, outcomes and Impact as defined in the Let's Do More Agenda of the State Government, which came after the New Direction Blue Print policy framework. Consequently, the sector will be able to assess progress of the MTSS key performance indicators (KPIs) and the cost effectiveness of the budgeted expenditure.

3.7 Result Framework

Though the result framework details the targets to be achieved by the MTSS, it is important to understand that the outcome targets were central in the definition of the key programs and projects of the MTSS. These key performance indicators are in alignment with the performance for the sector.

The Ministry and its parastatals are expected to develop their costed annual operation plan in response to the output targets defined in the sector result frameworks. (Tables 2 and 3 goals programed)

3.8 Responsibilities and Operational Plan

Following the development of the MTSS 2021-2023 for Education sector, it is anticipated that all the Agencies of Ministry of Education, Science and Technology sector would derive their annual operation plan activities from the strategies of the medium term plan.

The Ministry of Education, Science and Technology; State Universal Basic Education Board (SUBEB), Sciences, Technology and Technical Education Board (STTEB), Teaching Services Commission (TSC), State Library Board (SLB), Adult and Non Formal Education (ANFE), and Tertiary Institutions would all develop their organizations annual activities specifying the timelines and sequence for its implementation in 2021.

The operational plans would aid the various departments to articulate their individual action plans as well as facilitate the estimation of the quarterly departmental cash flow projections for the 2021 financial year.

CHAPTER 4

Three Year Expenditure Projections Monitoring and Evaluation

Ministry of Education, Science and Technology AND ITS SECTORAL ALLOCATION (Naira)

S/No	ITEM	2022	2023	2024
1	Personnel Costs	13,341,121,529.00	14,008,177,605.45	14,708,586,485.72
2	Overhead costs	4,827,089,774.00	5,068,444,262.70	5,321,866,475.84
3	Capital Expenditure	17,333,856,120.00	18,200,548,926.00	19,067,241,732.00
4	Total Allocation	35,502,067,423	37,277,170,794.15	39,097,694,693.56

4.1 Performance Monitoring and Evaluation

The set performance in the MTSS report will be monitored periodically in order to assess the level of achievements by the sector. This will involve the design of a framework for gathering and evaluating data from various sources to provide management and main stakeholders with early indications on progress or absence thereof in the achievement of results. Specifically, the M & E framework will measure:

- Activities outlined for each sub-sector
- Inputs into the system
- Funding of the sector
- Outputs from the system (e.g. number of infrastructure built)
- Outcomes of education expenditure

During the conduct of the monitoring and evaluation exercise, the following performance

of Ministry of Education, Science and Technology Sector for three years is summarized in table below.

Fiscal Year	Total Budget (Capital& Recurrent)	Actual Esp. (Capital. & Recurrent.)	Rate of Implementation (%)	Variance
2020	17,537,298,384	9,521,646,437	54%	8,015,651,947
2022	20,538,502,154	13,393,329,598	65%	7,145,172,556
2023	17,698,190,862	11,378,841,230.67	64%	6,319,349,631.33
Total	55,773,991,400	34,293,817,265.67	183%	21,480,174,134.33

4.2 Public Involvement

The Education sector has a coordinating committee, which is charged with the responsibility of harmonizing, analyzing and appraising the sector data and reports. The outcome of this shall provide the basis for further reviews and projections. It is therefore necessary to hold state-wide M&E consultative and coordination meetings with all stakeholders, including with meaningful input from both female and male students, parents (both mothers and fathers) and community representatives as well as representatives of socially excluded communities such as market women to disseminate information and discuss the challenges for mapping out appropriate strategies for follow up and future decision making geared towards positive outcomes.

CHAPTER 5

Outline MTSS Timetable

Figure 1: MTSS Timetable

Activities	Jan.	Feb.	March	April	May	June	July	Aug.	Sept	Oct.	Nov.	Dec.
Conduct Annual Reviews												
Collect data and information												
Review national Policy Guide												
Refine State Policy Outcomes												
Receive Expenditure Envelopes												
Develop sector strategies and costs												
Review strategy within ceilings												
Prepare Draft MTSS Document												
Receive Budget Call Circular												
Refine MTSS and compile Budget												
Defend Budget using MTSS												
Make Operational Plan												

5.1 Sources of Data against the Results Framework

Table 12: Data Sources for Outcome and Output KPIs

Outcome KPIs	Data Sources
Increased percentage (%) of people that can read and write	MOEST & Tertiary institutions
5 credit including Math's& English.	NECO/WAEC
Skills acquired	MOEST & Tertiary institutions
Output KPIs	Data Sources
85,734Maths and 85,734Eng textbooks for JSS 1 -3 & SSS 1	MOEST & Tertiary institutions
3 Guardian and counselling Centre's Constructed	MOEST & Tertiary institutions
Physics and chemistry kits supplied	MOEST & Tertiary institutions
Science laboratory in secondary school upgraded	MOEST & Tertiary institutions
500 teaching aids provided	MOEST & Tertiary institutions
Mill Basketball, shell cup, copa coca cola Football(0-17)	MOEST & Tertiary institutions
Primary and secondary school renovated	MOEST & Tertiary institutions
Special need Student Educated	MOEST & Tertiary institutions
400 Number of teachers in training/Medical students a warded	MOEST & Tertiary institutions
100 capacity library renovated and reading desks and chairs supplied	MOEST & Tertiary institutions
Data analyzed	MOEST & Tertiary institutions
School census managed	MOEST & Tertiary institutions
Sector plan implemented	MOEST & Tertiary institutions
School base management committee established in schools	MOEST & Tertiary institutions

150 ,000 Number of pupils and student s Covered	MOEST & Tertiary institutions
250,000 Number of pupils ,students &Teachers Covered	MOEST & Tertiary institutions
200 capacity resource Centre constructed	MOEST & Tertiary institutions
46 000 pupils Evaluation paid	MOEST & Tertiary institutions
21 motorcycles for area evaluators {inspectors} in provided	MOEST & Tertiary institutions
21 computers installed& internet facilities in 40 Centre's	MOEST & Tertiary institutions
Bursary awarded to student in tertiary institution	MOEST & Tertiary institutions
Mathematics Olympiad	MOEST & Tertiary institutions
Sss3 student WAEC Fees paid	MOEST & Tertiary institutions
100 capacity Office complex Constructed& one story building renovated	MOEST & Tertiary institutions
42 Schools building renovated	MOEST & Tertiary institutions
4 Schools: TSC Egbe, AAMC Okene, Ochaja boys & girls school &Crowther Memorial col upgraded	MOEST & Tertiary institutions
Out-of-school-children-reduced	MOEST & Tertiary institutions
Head quarter & 21area Offices constructed	MOEST & Tertiary institutions
3 Guardian and counseling Centre's Constructed	MOEST & Tertiary institutions
285 school with farm land	MOEST & Tertiary institutions
Girls Child Educated	MOEST & Tertiary institutions

Academic Excellent competition Mathematics & English	MOEST & Tertiary institutions
Awareness on the Establishment of University of Science & Technology	MOEST & Tertiary institutions
20 schools land fenced	MOEST & Tertiary institutions
105 schools renovated	MOEST & Tertiary institutions
4,484 teachers trained	MOEST & Tertiary institutions
One School Renovated	MOEST & Tertiary institutions
Student Educated	MOEST & Tertiary institutions
2000 soap, 3,000 disinfectant and 2,500 sanitizer	MOEST & Tertiary institutions
One Technology incubation Centre established	MOEST & Tertiary institutions
Awareness created in town and villages	MOEST & Tertiary institutions
42 Equipment provided	MOEST & Tertiary institutions
Population of student covered	MOEST & Tertiary institutions
One store restructured	MOEST & Tertiary institutions
Community Secondary School Agassa renovated	MOEST & Tertiary institutions
10 courses accredited	MOEST & Tertiary institutions

5.2 Conducting Annual Sector Review

Annual Sector Review was conducted in first quarter of the year 2020. The review was carried out by MTSS sector committee who visited the heads of each department and parastatals/agencies under the Sector on the needs for this review. Questionnaires were later given to them to:

1. Identify the status of interventions that had taken place in the sector in year 2019.
2. Establish the performance status for 2020; identify the relationship between the financial investment, institutional/organizational capacity in that sector and the results.

3. Establish a performance trend on each of the outcome KPIs in the results Framework for the sector, where data is available.
4. Recommend optimal direction for realistic outcome targets in the Medium Term Development Plan and the Medium Term Sector Strategy.

5.3 Organisational Arrangements

This section provides outline responsibilities for monitoring work, who collect data and the officers responsible for performing analysis. The following are the outlines of monitoring work:

1. To ensure inputs are made available at all time of the MTSS work and other decision to be taken;
2. To provide a continuous feedback system to the government/developing partners through the life cycle of a project;
3. Keeping surveillance on the sector projects;
4. To also involves overseeing and periodic review of each activity of sector at all level of implementation;
5. To ensure that adjustment can be made and correction effected in an on-going project;
6. To also ensure that resources are used judiciously and quality project implementation;
7. To communicate effectively to the Stakeholders on how goals and objectives of projects are being met;

Besides, data collection is carried out by Monitoring & Evaluation unit in all MDAs Data analysis is done by Monitoring & Evaluation Officers in collaboration with Budget staff. The type of information needed will determine the type of analysis to be used. The data analysis can be carried out manually or the use of software designed for M&E purposes.
